Frieze Projects

Frieze Projects is a programme of artists' commissions realised annually at Frieze Art Fair. Curated by Sarah McCrory and presented in association with Cartier, it includes nine projects as well as the Cartier Award and a collaboration with this year's partner organisations, Signal (Sweden) and Vector Association (Romania).

This year's programme includes elements of performativity – either directly, with performances taking place in and around the fair, or more obliquely, commanding a certain level of involvement from visitors.

Offered as an opportunity to work in a unique context, the artists commissioned by Frieze Projects use Frieze Art Fair as a site to realise ambitious ideas in an exceptional environment.
